PROJECT ACCELERATOR PROGRAMME

Strategic Project Management for Business Success

PROGRAMME PURPOSE

The Project Accelerator Programme is designed to equip learners and organisations with essential project management skills, from planning to execution and completion. This comprehensive programme covers key areas such as operational planning, strategic decision-making, project planning, and risk management. The goal is to enable participants to confidently manage projects within time, cost, and quality constraints, ensuring successful delivery and positive outcomes.

MODULES

Module 1: Operational Planning

- Develop, implement, and evaluate an operational plan
- Establishing goals, objectives, and performance standards
- Aligning strategies with organisational objectives

Module 2: Strategic Decision-Making

- Applying a systems approach to decision-making
- Engaging stakeholders in problem-solving
- Formulating and communicating decisions

Module 3: Project Planning

- Developing and managing project plans
- Work breakdown structure (WBS) and Gantt charts
- Budgeting and performance measurement tools

Module 4: Risk Management

- Monitoring and assessing project risks
- Developing contingency plans

- Implementing and revising risk mitigation strategies

Module 5: Best Practice Management

- Evaluating current practices against industry standards
- Implementing best practice strategies
- Continuous improvement of operational processes
